**Jack Humphreville**

Jack will provide an update on LADWP issues, particularly focussed on Measure B and Solar Power programs. He will also discuss the benefits of providing a Ratepayer's advocate to assist Los Angeles ratepayers in understanding future changes in water and power costs.

**8:00PM - 8:30PM**

**LAWA Representative (TBD)**

A representative from Los Angeles World Airports, owner/operator of Van Nuys Airport will talk about initiatives to reduce airport noise impacts on the surrounding community. When Congress passed the 1990 Airport Noise and Capacity Act it prohibited local airports from restricting any landing or take off (except for safety reasons) without FAA approval. This approval is called a "Part 161" after the law section. LAWA is preparing a Part 161 to enact landing restrictions, but in a way different from the full curfew recently requested by Burbank's Bob Hope Airport. Come hear how LAWA proposes to eliminate noisy stage 2 aircraft and possibly more.

***FYI -- In June of last year Valley VOTE issued a Press Release indicating that noise transference of night time flights from Burbank to Van Nuys was unacceptable. Valley VOTE stated that "FAA action to entertain a regional resolution to this noise issue is encouraged and would be appreciated. Noise reduction flight procedures and development of quieter aircraft is in order."***

Questions from the audience, as time permits, will follow each speaker's remarks.  
The public and press are invited to the meeting.

**The next Valley VOTE meeting will be on Monday, April 20,2009.**
